

Jaspers Berry Gentlemen's Club Lounge

Drawing inspiration from the Old Club Lounges that embody all things top notch and combining this with 21st Century cool, we have created a perfect Man's Cave for the Groom and his Men to enjoy

A treasures trove of curiosities including my cherished childhood Teddy Bear, 1950's Whisky Cabinet, Oxford Canoe, Vintage Boys Planes, Chesterfields and Tartans combine together with a theatrical flourish

The attention to detail makes this space really special

The same eclectic spirit that inspired Jaspers Berry interiors went into curating the Gentlemen's Club Lounge, the ultimate in understated opulence... we do not do average at Jaspers Berry!
